LITTLETON WANTS NEW SCHOOL HOUSE—MAY GET IT

Petition Filed For the Establishment of a New School District. Thirty-five Kids Ready.

Littleton wants a new school house. Littleton is the name of a new settlement being developed just west of the Cashion ranch. Already streets have been laid out, a church planned and now the enthusiastic residents of that growing section are petitioning for the establishment of a school district and the building of a school house.

The Littletonians are willing to guarantee a sufficient equipment of children. Ten are all that the law requires and it is asserted that already thirty-five palpitating young ideas are waiting to be taught the shooting process.

As soon as the legal formalities preliminary to the erection of the new school district are completed Superintendent Higgins will make an appropriation from the school fund and the district will proceed to raise funds for the building of the school house. This will be accomplished during the summer and by the time the fall term opens Maricopa county will have another temple of learning ready for the instruction of her youth.

HARMLESS LITTLE STORM DROPS A LITTLE WATER

Came From Southern California and Wet Things Up a Bit—in the North It "Snows."

Twelve hundredths of an inch of rain is not a great deal of rain, but added to the rain which has already fallen this month it helps in making the total score quite respectable.

Briggs, the weather man would not admit last night that it was all over. He stuck to the blue flag all day, and that blue flag meant more rain.

The storm was of homeopathic character, and at no time was the precipitation heavy enough to seriously inconvenience those who were out of doors.

The storm incubated over in southern California and after floundering around for a start finally blew over the desert and became general over Arizona.

In the north it "snowed" and it was cold all over the state.

The rain caused no appreciable increase in the amount of water running into the big reservoir.

JUDGE PARKER HAS BUSY DAY IN JUSTICE COURT

One Man Accused of Horse Stealing Another of Highway Robbery Hold Squire's Attention.

Salome Tapia declares that McGill Nunez feloniously abstracted a horse belonging to the said Salome, which the complaint further avers is against Arizona in such cases made and provided. Justice Parker has set the Nunez hearing for two o'clock this afternoon.

Ramon Durazo is also in trouble with Judge Parker and the peace officers and all because he is alleged to have held Isidro Coronado up and taken ten dollars away from him. Isidro thought this impolite and had Ramon arrested.

The assault is alleged to have occurred on South First avenue, Ramon will also have a hearing this afternoon.

LONG OVERLAND CHASE ENDS IN CAPTURE OF MEN

For Three Days and Nights Suspected ed Horse Thieves Led Pursuers a Merry Chase.

An exciting man hunt across two counties and over narrow and dangerous trails through mountainous country resulted yesterday in the capture near Mammoth of two men supposed to be implicated in the theft of a couple of horses from a Five Points livery last week. When the outfit is finally returned it is also thought likely that a fine saddle, the property of J. F. Cleveland will be found among the loot.

The men were espied from a railroad train near Winkelman on Sunday, and the chase began that night. It continued unrelentingly until yesterday afternoon when the sheriff's office was notified of the capture. The prisoners will be taken to Ray arriving there today. Officers from Phoenix will bring the suspected men back to this city.

PHILATELISTS ALARMED.

The introduction, as an experiment, of automatic machines for stamping letters by the London postoffice has excited much interest here, and the chamber of commerce at Brann has petitioned the ministry of commerce to introduce this system into Austria. Stamp collectors, however, are alarmed, as they fear that if this method of franking letters is universally adopted, and postage stamps consequently become obsolete, the public will no longer take an interest in old postage stamps and existing collections will lose much of their value.—London Standard.

Mrs. Ewe-It isn't right to charge Willie with taking that money out of your pocket. Why don't you accuse me?
Mr. Ewe—Because it wasn't all taken.—Boston Transcript.

WHY BANK YOUR MONEY?

Some of the reasons are that money in the bank is less likely to be spent foolishly, will not be lost accidentally and best of all the possession of a bank account is unconsciously an inspiration to add to one's savings. The best bank is the one to patronize. The Valley Bank of Phoenix is the largest in Arizona. The moral is self suggestive.

A NEW STORE.

That will sell excellent goods at reasonable prices and employs men for salesmen who are courteous and obliging, soon demonstrates that the old firms haven't everything grabbed. The new furniture store at 325 W. Washington St. has all of these qualifications and it is not surprising to note that it had the contract for furnishing the state capitol building. The Barrows-Foshee Co. also makes a specialty of packing for people who are about to move.

A BICYCLE.

Is one of the most useful as well as most inexpensive steeds on earth. It does not have to be fed as a horse, nor kept going with gasoline or electricity. All that is necessary is a well developed set of leg muscles, the bicycle, and now and then a little solution called "Do Good" sold by Griswold, to stop a leaky tire, and you are off for a Sunday in the country.

THE HOTEL ADAMS.

It has been rebuilt since the fire which burned it to the ground a couple of years ago, is one of the best, most convenient and comfortable hostleries in the southwest. Many people of world wide fame have stopped in Phoenix the past winter have been guests of the Adams.

THE FESTIVE MICROBE.

Doesn't inhabit Pasteurized milk. It is about the only place he isn't to be found. Persons in delicate health should avoid taking useless chances of infection and as most of them live very largely on a diet of milk, the inference is clear. The only place you can buy pasteurized milk in this city is from the Hassayampa Creamery. Its wagons can be seen on any street.

A HOME PRODUCT.

Is always to be preferred to an imported one when the home product fills all purposes for which the article is desired. Everybody considers the man who sends away to a mail order house to purchase his supplies because he can get them a few cents cheaper, a piker. What do you call the man who when he goes to the grocery to buy flour, always asks for an imported article? The Phoenix Flour Mills sell flour made from Arizona wheat, bought of Arizona farmers.

THE BEST ALWAYS.

For the best is none too good for its customers, is the maxim that has made Hurley's Market famous in Phoenix. This market keeps every thing in meats but makes an especial effort to always have the very best in fresh meats. If you have been disappointed in western meat, do not

A PARKED STREET.

Or a beautiful lawn add greatly to the attractiveness of a city. Many people grow discouraged because the trees, shrubs and vines they plant do not thrive well. If they consult a horticultural specialist who has experimented in the various trees and flowers and knows what will grow in this section of Arizona, their gardens and yards would be a joy to them. Talk to Hill at the Seed House about his Desert Gums and other acclimated trees.

PHOTOGRAPHY.

And its pleasures depend very largely upon the skill with which the photographer poses his subjects and chooses his background but the best results are gained by the use of a Premo camera. This camera is of such a high degree of excellence that it is used by the United States government in taking the pictures of posts, fortifications and other photos kept on file in the war department. The Phoenix agent for the Premo is Berryhill.

EASTER CARDS.

It is time you began looking for Easter cards to send to the friends that you always remember on the various holidays and Saint's days of the year. The Miller-Sterling Co. have an exceptionally good selection this season, showing the beautiful Easter lilies, downy chicks and the ever present egg. These cards range from the inexpensive ones to the dainty hand painted souvenirs, that are perfect gems.

A DRY COUNTRY.

Is naturally a place where the people carry a thirst. Following the laws of trade, there is of necessity a supply to meet the demand. It is in carrying the supply that Melzer Bros. have established a reputation for the excellence of their wares. This wholesale liquor house has supplied the retail trade in every camp and village in Arizona and Melzer on a bottle is a synonym for the best in beer, brandy, whiskey, wines.
